After nearly three decades of service, Metro Transportation Services has grown to conducting business activities ranging from one-time service for a specific individual to long-term contractual arrangements with various business firms and professional organizations throughout six states (NC, SC, GA, TN, VA, MD). Metro Transportation Services has hinged its success on two areas: people and service. Metro Transportation Services is led by a team of first-rate managers and has assembled an elite team of company employees and independent contractors with years of experience in the courier, freight, and transportation industries. In addition to a team of exceptional support staff, Metro Transportation Services is committed to investing top quality and unparalleled customer service.
